MYCOCIDE[®] ANTIFUNGAL TREATMENT NS

Product Labeling

Drug Facts	
Active Ingredient Tolnaftate 1%	Purpose Antifungal
Uses ■ Cures most fungal skin infections, including athlete's foot (tinea pedis) and ringworm (tinea corporis) ■ Effectively relieves itching, burning, cracking and scaling accompanying such conditions	
Warnings <i>For external use only.</i>	
Do not use ■ near the mouth or eyes ■ with known sensitivities to any listed ingredients ■ on children under 2 years of age unless directed by a doctor	
When using this product avoid eye contact. If accidental eye contact occurs, rinse thoroughly with water for 10-15 minutes.	
Stop use and ask a doctor if rash or irritation occurs, or if no improvement is seen after four weeks.	
If pregnant/breast-feeding , consult a health professional before using.	
Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center immediately.	
Directions ■ Clean affected area with soap and warm water and dry thoroughly ■ Apply a thin layer two times a day (mornings and evenings) to affected area especially the space between and around toes ■ For athlete's foot, use daily for four weeks or as directed by a physician ■ Allow solution to soak into skin or rub in to dry more quickly before putting on socks ■ This product is not effective on scalp or nails. ■ Following a proper foot hygiene regimen along with wearing well fitting, ventilated shoes and clean socks that are changed at least daily is helpful in preventing future infections	
Inactive Ingredients Water (Aqua), Caprylic/Capric Triglycerides, Isopropyl Palmitate, Polyquaternium 37, Propylene Glycol, Dicaprylate Dicaprate, PPG-1 Trideceth-6, Cocamidopropyl Betaine, Cocamidopropylamine Oxide, Phemerol Chloride, Cetrimeronium Chloride, Allantoin, Didecylidimonium Chloride, Quaternium-15.	

Mycocide NS is a cost-effective, conservative first line solution. It features an aseptic dropper-tip applicator that delivers the medical strength fungus-killing formula directly to the site of infection without the increased risk of re-infecting the area with a contaminated brush applicator. Mycocide NS is patented and formulated to penetrate to the site of infection. Mycocide NS effectively kills fungus and germs that can cause infections making fingers, toes, and the areas around and under nails look and feel better. Mycocide NS is odor-free, contains no harsh acids or alcohols, and will not dry skin. Mycocide NS has no contraindication to any oral medications.
