## REVITALIZING WHITENER RW

### Product Labeling

#### Directions

- 1 Remove polish and apply a dab of Whitening Cream (Step 1) to affected nail(s).
- 2 Next apply a dab of Activating Gel over the Whitening Cream (Step 2).
- 3 Using mixing stick provided, blend cream and gel together on nail and let mixture sit for one minute.
- 4 Scrub for one minute with brush provided.
- 5 Rinse off and dry completely.

For best results, use daily for one to two weeks, then only as needed to maintain clear, bright nails.

#### Warnings

**KEEP OUT OF REACH OF CHILDREN. For External Use on Nails Only. Extreme eye irritant.** If contact with eyes happens, severe eye damage can occur. Flush with water right away and go to an emergency medical facility immediately. In case of accidental ingestion contact a medical professional, poison control center or emergency medical facility right away. *Though not a cure, helps eliminate fungal nail discoloration.*

**CAUTION – Contains peroxides that can fade clothing and some hard surfaces.**
