

Introducing iHygiene, an intelligent hygiene management system capable of wirelessly monitoring personnel compliance with corporate hand washing policy. iHygiene utilizes wireless communication technology embedded in Woodward Laboratories' PerfectPump Touch-Free Soap Dispenser to communicate with wireless communication enabled iHygiene employee badges.

iHygiene's proprietary reporting software (HMS) stores time and date stamped hand hygiene statistics in a database that may be queried in a number of different ways. This enables management to monitor hand hygiene compliance by site, shift, personnel, etc.

iHygiene is a Turn-Key system and can be easily installed in lavatories, kitchens, medical facilities, or any place where hand washing compliance is mandatory. iHygiene is ideal for the Food Services, Food Processing, and Medical industries, or any other hygiene intensive institutional setting where compliance with corporate hand washing policy is essential for mitigating risks and litigation associated with poor, or non-compliant hand hygiene.

iHygiene is covered by 6 patents and 4 patents pending.

### Features

- Wireless monitoring of compliance with corporate hand hygiene policy
- Real-time notification of non-compliant events in a variety of formats
- Proprietary hand hygiene compliance reporting software
- Patented **non-infrared** touch-free dispenser eliminates false activations or non-activations
- Closed, totally aseptic soap/sanitizer dispenser
- Positive displacement pump mechanism eliminates drip and back-suction
- Executive summary of enterprise wide compliance information
- User friendly reporting system

### PerfectPump Touch-Free Dispenser

- Heart of the iHygiene System
- Patented, Non-Infrared
- Reliability Guaranteed
- Totally Aseptic
- Tamper Resistant

### Laptop Personal Computer

- Runs HMS Reporting Software
- Generates iHygiene Compliance Reports
- Supports multiple paging options including iHygiene Pager, Cell Phone, etc.

### Handheld Personal Computer

- Runs HMS Paging Software
- Communicates Wirelessly with PerfectPump & iHygiene Pager

### iHygiene Employee Badges

- May Be Customized To Your Establishment's Look & Feel
- Communicates Wirelessly with PerfectPump Dispenser

### PerfectPump Refill Bottles

- Single Use Bottles May Be Purchased for Filling with Your Own Soaps or Pre-Filled with Your Choice Of High Quality Soaps from Woodward Labs

### iHygiene Pager

- Communicates with iHygiene System
- Receives Non-Compliant Event Notifications
- 250 Character Display

### Cell Phone Paging

- Non-Compliant Event Information – May be sent to personal cell phone
- Available with iHygiene Premier System
